

Model 790 Floor Knife

The model 790 floor knife is a heavy-duty cutter for carpet or other textiles. It is especially useful in cut order applications where a dependable cutter is needed for numerous cuts.

The blade is 7-1/2 inches in diameter. The blade steel is high carbon, high chrome tool steel which provides long life. The floor knife has a blade sharpener mounted on the unit. The motor is 3/4 horsepower. The knife rolls on six heavy-duty cam followers which provides smooth operation. The unit weighs one hundred-five pounds.

Options:

- Sheet metal track with side rails
- Laser light for lining up patterns or material cut lines.
