

80700CD3 Turf Sewing Machine

The model 80700CD3 is a two-needle four-thread bag closer. The 80700CD3 produces two parallel seams at a distance of 7.2 mm just over 1/4". The 80700CD3 has both upper and lower feed dogs for positive feeding of the material. It is normally used for sewing the selvedge edge of sand or rubber filled turf. The machine sews a double locked stitch. It is pictured here on a TC815 turf cart with blower assembly. The blower assists in keeping the turf pile out of the seam during sewing.
